142.8.10 COMMITTEE GUIDANCE NOTES

The media guidance notes from HQ were agreed for adding to the website guidance notes. However, it was agreed that further discussion is needed as we do not have arrangements for speakers on potential specific topics.

All

The guidance notes for presentations had been updated by PB and circulated. It was suggested that any committee business should be held over to the end of presentations so as to maximise time for circulating with the membership over the buffet. PB to add this to the guidance.

PB

Any other feedback to PB before the end of the year.

All

142.8.11 ANY OTHER BUSINESS

JW reported that contact had been made with the Statisticians and Operational Researchers at the National Statistical Office in Newport. Agreed that we discuss a joint meeting with them, probably in Newport at a future Committee meeting.

The annual joint meeting with a Business School (Cardiff has been the venue for three years) was discussed. Agreed to consider discussing possibilities of involving other Business Schools. The Committee would prepare the scoring for the last three meetings (and any other suitable events in the mean while) for the next meeting.
