Gaps in CV - ✘	If ✔, indicate below reason for gaps in employment:

Notes

- **Important note for interviewing assessors** – please refer to above note re Breadth of Knowledge to be covered at interview.
- **Applicant has provided numerous vocational certificates which have not been included here (including BCS Level 4 Network Engineering Apprenticeship, Fortinet, Level 3 Diplomas, Mojo Networks, RITTech, Ruckus) – if you wish to see these, please contact the Service Delivery Team.**

- **16/01/2018 - The applicant has been asked to provide additional information/evidence to show how he meets the CITP criteria – please note this has been provided under numerous different headings and contains a large number of documents, so we have included them here in the order submitted by the applicant:**

  Autonomy, Business Skills, Complexity, Design, Diagnostics, Documentation, Influence, Installation and Configuration, Interpretation of information, Monitoring and testing, Network Integration, Optimisation, Service level agreement, System Upgrades, Technical support, Troubleshooting. Note – due to the very large number of additional documents provided, these have been saved in the above order after all the other documentation.
