We were sorry to report the death of Jack Nisbet, our excellent Treasurer for many years.

The Chair’s Report is a vital communication tool for the BCS Community Team to understand and support your activity as a group. The Programme, Practice, and Policy (PPP) Committee will review your submitted report, and suitable action points fed into the Community Board for strategic planning. As one of the critical communication points with our members, your completion of this report supports not only your group but ongoing support and development of other member groups and the BCS itself.

**Successes**

Please list the top three successes the group has achieved in the past year.

| 1. Additional webinar events and maybe physical events and visits, if possible | Webinars for 2023/24 planned, included future webinars from Overseas:  
#Joiningthedots to close the digital divide for the visually impaired  
Game Tech – Make your game playable by millions  
The Genie is Out of the Bottle, (about ChatGPT  
Using hydrogen from the sea to power ships and planes  
Delivering Cyber Education in HEI,  
Generative AI and Metaverse what a powerful combination!  
Reviews and Inspections used in various ways  
Preparing children for artificial intelligence  
AI driving force of Cyber Security, |
| 2. Networking events, either face to face, with | Try Zoom’s interactive capabilities, with Break-out rooms,  
Additional online events with break-out rooms as networking events.  
Subject to the virus situation, both physical networking events and visits, including two planned visits to simulation systems in Hampshire. |

**Plans**

Please list the top three activities the group is planning for next year.

2. University and School prizes, Prizes for the best Final year students at Southampton University, Solent University and Portsmouth University, and for best male and female students at 6th Forms/FE colleges.

3. Career events Various events in Hampshire and isle of Wight, including remote presentations relevant to teachers and their students.
break-out rooms and visits

3. University and School prizes, and Career events
   To continue with the prizes for the best Final year students at Southampton University, Solent University and Portsmouth University, and for best male and female students at 6th Forms/FE colleges. Subject to the virus situation, to hold the rescheduled 3D printing competition student and to continue with the involvement with career events in Hampshire and Isle of Wight.

Impediments

Please list and describe the top three impediments stopping you from succeeding in your group’s ambition and support the BCS vision of "Making IT Good for Society."

<table>
<thead>
<tr>
<th>Impediment Description</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Issues related to the Virus</td>
<td>Issues with limitation of events and visits as of past years, held in various universities and organisations</td>
</tr>
<tr>
<td>2. Need to postpone our Student Hampshire Branch 3D printing competition, and various physical career events</td>
<td>Our competitions, scheduled for Spring 2021 /2/3 had to be postponed, as the students needed to be physically at the education establishments to access the 3D printers – sponsors agreed support for 2023/4</td>
</tr>
<tr>
<td>3. Problems in obtaining permission to purchase a dedicated cheap laptop for use at Career event. Also we need help in publicising events to teachers to join webinars, and for their students to participate in the 3d Competition</td>
<td>We need a laptop, rather than having to take a committee’s members laptop, to be able to show our very effective 3D interactive animation at the career conventions, which were usually the most popular stand. We would like support with our 3D printing competitions, which we had to postpone, with both an international specialist judge from US and sponsorship from IBM previously organised. We need to find an efficient means of reaching the appropriate teacher/lecturer in schools and universities in the UK and overseas. We would like teachers to join in the webinars, – we would also like to reach the home educated children</td>
</tr>
</tbody>
</table>

Additional Facts and Figures

Please provide any facts and figures you think would be useful to the Community Team for further analysis and future activity planning.

The Hampshire Branch membership is 2,071 (previously 1,990), and has held 26 webinars, in 2022/2023 sometimes with speakers from overseas, often jointly with other BCS Groups.

Further Comments

If you have any further comments you wish to provide the Community Team; please give them below.
We wish to hold more webinars, with speakers from the UK and overseas, and widen considerably the participation in these events, so would like help with BCS publicity within and beyond the BCS members.

When physical events are more widely resumed, we would like physical events and visits, and events that can be accessed remotely and recorded, as are the current webinars, and would like to organise networking events, both face-2-face and via break-out rooms, and also more physical and online visits.

We would like help in reaching teachers, and using CAS to communicate with them, particularly for greater involvement with career events.

Nominations for Awards and Recognition

It is important that the BCS recognise deserving voluntary service. If you are aware of someone who warrants one of these awards, then please nominate them. It is easy to nominate someone, but, if you are unsure about completing the form, the Community team and your liaison in the Programme, Practice and Policy Committee can help. Please email groups@bcs.uk.

There are three levels of Recognition of Appreciation award:

- Certificate of Appreciation – going beyond the normal expectations of a single voluntary role by directly contributing to significant involvements, achievements or benefits to BCS.
- Meritorious Certificate – going beyond the normal expectations of two or more voluntary roles in different areas of BCS by directly contributing to tangible involvements, achievements or benefits to BCS.
- John Ivinson Award – significantly furthering the BCS's strategic aims and mission on a wide scope of BCS's areas of endeavour by directly contributing significant achievements and benefits to BCS. Typically, the BCS will present this prestigious award to 1-3 volunteers per year.

There are long-service awards for 5, 10, 25, and 30 years of contribution to the BCS.

Volunteer Recognition

Please complete the table below and indicate if you wish to nominate a member of your team for an award of recognition. A member of the Community Team will get in touch to help you complete the process.

Honorary Fellowship

Nominees will have made an outstanding contribution to the charitable objectives of the BCS over an extended period.

The BCS award Honorary Fellowship under Byelaw 8 of the BCS’s Royal Charter and Trustee Board Regulation 1.3 specifies that the BCS award may also make the award to non-members who may not be eligible for any other class of membership.

Community Board and Trustee Board will consider a candidate for Honorary Fellowship against the following criteria:

- At any time, both the contribution to BCS’s work and the stature of the individual nominated should be commensurate with the standards set by previous recipients. There is no overall limit to the number of Honorary Fellows although it is unlikely that there will be more than two Honorary Fellows elected in any one year.
- To be elected, the nomination must be on the Trustee Board Agenda, and at least 3/4 of those present must resolve in favour.

If you are aware of a nominee for Honorary Fellowship; please add their details below and a member of the Community Team will raise this at the next appropriate meeting of the Community Board.
