Membership Figures – Trend for 2015

The trend for the branch is downwards in terms of membership, all be it only by 10 members.

Membership Figures – Trend for 2015

A new push will be taken by the committee this year aiming at colleges and universities, and we are looking for further ideas from branch members; possibly:

- *You can introduce a new member*
- *Current members to help publish about events, and when possible to bring a colleague who is not a member, to one of these events with a view to getting them to join*

The way forward 2015

The background of the slide features several overlapping, wavy lines in shades of green and yellow, creating a sense of motion and energy. The lines are most prominent in the lower half of the slide, curving upwards and across the frame.
