Schools Work

BCS Berkshire has been working with schools in and around Berkshire.. We have been sponsoring Teen Tech (<http://www.teentech.com>) and we will have a stand at TT Surrey on 15th November, 2017. We will also be involved in the Ada Lovelace talk at Queen Anne's School on 26th September, 2017; and we are planning a Spring coding school.

Volunteering

VOLUNTEERS NEEDED TO HELP RUN CODE CLUB SESSIONS

"Code Clubs for children aged 7 to 11 are now running in Bracknell and Great Hollands libraries to give children experience in computer coding. Children first learn to programme computer games and animations using Scratch then have the opportunity to create websites using HTML, CSS and Python.. We currently need more volunteers to help run our computer coding sessions, either supporting Bracknell Library (meets term time Saturdays 10 am-11 am) or helping us expand in more libraries and at different times. For more information on volunteering at the library visit [Bracknell Forest Libraries](http://bracknellforestlibraries.org) or find out how to get involved all across the UK on the [Code Club web site](http://codeclub.org)."

Digital Support Volunteers - helping Shaw Trust's charity shops become digitally connected

As Digital Support volunteers Liz and Chris have been recruited to share their IT skills with the charity's shop management team and provide them with ongoing advice and training, helping the shop staff to not only get

online, but feel more confident with their IT skills and take advantage of more marketing and fundraising opportunities, including using eBay and Salesforce. This is a new volunteer role for Shaw Trust and based on the positive changes that Liz and Chris have already made, the charity is hoping to recruit more Digital Support Volunteers across the country, including in the South West and North.
