I have booked 12 rooms in \*\*\*Wentworth\*\*\* college for you for the evening of the 12th (i.e tomorrow night). If you are attending the business end of the meeting tomorrow afternoon you should simply check in after the meeting. I will arrange to pay for the rooms en masse and send Rob one bill for rooms and food for the meetings.

You should come to the computer science department (see the maps attached at the bottom of my <http://www-users.cs.york.ac.uk/~jac/FORTEST.html> page, but taxis should know it). You can see the room we have from the reception desk.

If you are not attending that part of the meeting (i.e. you are here for Friday only) then you can either check in directly to Wentworth on reception (Taxis from the station should be able to take you to Wentworth college).

I will obtain parking permits for those who have requested them.

I shall be in the department all tomorrow (and indeed in the FORTEST meeting in the afternoon).

**I SUGGEST THAT WE ALL MEET UP AT 7.00pm. by Wentworth Reception to arrange to go out for a meal.**

My mobile is 07747 621418.

My work number is 01904 438498.

Regards  
John
