

Great Debate 2020 - Smart Cities

11 March 2020

There are strong reasons for moving to Smart Cities. Smart Cities are urban centres which use digital technologies to process data to improve and integrate systems to improve life for the population and minimise the environmental impact of the city.

The event is intended to inform about what Smart Cities will mean, what can be done now and what should we expect to see in the future as well as the issues that will need to be addressed.

Time: 19:00 - 21:00

Location: Henley Business School, The University of Reading, Whiteknights Campus, Reading, RG6 6UR

Cost: Free of charge, open to all

Registration: www.icheme.org/greatdebate2020-tvmg
