

# A NEW CHAPTER

**BCS student chapters are campus based groups of students who are studying, or interested in, computer science.**

**Being part of a student chapter means BCS will help you:**

-  Make professional contacts beyond campus and connect with some of our 60,000 members working in industry.
-  Find out about specialist areas within it, upcoming technologies and employment trends.
-  Develop your knowledge and skills through discussion and debate.
-  Boost your credentials – “committee leader” would look great on your CV.

Student chapters are an excellent way to form links with the wider IT community and gain an early advantage in your career.

Find out more by visiting **[bcs.org/studentchapters](https://www.bcs.org/studentchapters)** or get in touch at **[chapters@bcs.uk](mailto:chapters@bcs.uk)**
