

**IT'S NEVER TOO  
EARLY TO START  
CONNECTING WITH  
YOUR INDUSTRY**

**SAVE THE DATE**

**When?**

**Where?**

**STEP THIS WAY...**

**Exciting opportunities ahead!**

We know having to think about life beyond your studies is a challenge shared by most students. Which is why we have partnered with BCS, The Chartered Institute for IT to provide BCS membership for free to all our Computing students.

**BCS who?**

BCS, The Chartered Institute for IT, is your industry body. They're on a mission, set by royal charter, to support the people in the industry and to create a world in which everyone benefits from technology. They do this by collaborating with their key partners and global membership community to share expertise, promote professionalism and ethics, and develop career pathways.

**Why should I join BCS?**

BCS membership enables you to take control of your own employability by giving you tools and resources to help you prepare yourself for the job market, and by putting you in touch with other professionals and possibly a potential employer.

When you join, you'll sign up to the BCS code of conduct and will be playing your part in building a trusted, responsible and respected computing profession.

**Sounds good – count me in**

Come along to our official BCS membership event to meet the BCS team and take a closer look at what BCS can offer you... If you are not already a member, you can join for free on the day just by completing a short form.

We look forward to seeing you there. **For further information contact your BCS coordinator.**
