EXAMINERS' REPORT

Big Data Management

General comments

The questions were generally well answered and on the whole, easy to understand. The standard was high and with good, comprehensive answers. There were a small minority of candidates that struggled to answer all of the questions in full, and an equal number whose answers were difficult to comprehend which question they belonged to.

Candidates appeared to have some difficulty in answering question A1. A small number of candidates seemed to struggle to provide adequate evidence of knowledge on the topic. Questions A2 through to A6 were all very well answered by candidates.
