## Financial Services Specialist Group

### Treasurer's Statement for 2021:

The Financial Services Specialist Group of BCS had minimal expenditure of £22.26 on speakers' and administrative costs during the 12 months to 31<sup>st</sup> August 2021 due to most meetings being held online. This expenditure was paid out of an allocation given to the Group for such purposes by BCS.

The Group made no membership or meeting charges on its members and guests. This was because all of the membership meetings and other costs of the Group in the past 12 months were kindly supported and paid for directly by BCS as mentioned in the Chairman's report.

As we continue our activities into this current year (2021/2022), we shall be incurring further sundry costs and we have already kindly been allocated a budgeted amount by BCS to cover these.

We have now also applied to the BCS for a budget for next year (2022/2023) to cover the costs of the exciting range of meetings being planned for that year.
