**Andy Stanford-Clark**

Innovation Leader

*IBM*

Prof. Andy Stanford-Clark is an innovation leader in IBM's Corporate Strategy organisation, and is the technical leader for the Mayflower Autonomous Ship project. He is an IBM Distinguished Engineer, and a Master Inventor with more than 40 patents. Andy is based at IBM's Hursley Park laboratories near Winchester, and has been working in the area that we now call the Internet of Things for more than 25 years. He has a BSc in Computing and Mathematics, and a PhD in Computer Science. He is an Honorary Professor at the University of East Anglia, a Visiting Professor at the University of Newcastle, an Adjunct Professor at the University of Southampton, and a Fellow of the BCS.

---

**Brett Phaneuf**

Founder and Chief Executive

Submergence Group / MSubs

Brett Phaneuf is the founder and chief executive of Submergence Group LLC (USA) / M Subs Ltd (UK) and through his office in the United Kingdom oversees the design and production of manned and unmanned, underwater vehicle systems. Mr. Phaneuf has recently turned his attention to machine learning and artificial intelligence: a new company (Marina AI) has been spun out from M Subs Ltd with the goal of creating cognitive AI to enhance maritime capabilities. Brett is leading the development of the Mayflower Autonomous Ship, which sailed from Plymouth UK to Plymouth US, in commemoration of the 400th anniversary of the original Mayflower, September 1620.
Wominspiration - Sarah Rench of Avanade

12th of June | 18.30 | Hybrid event
Now 4th July 2023

“Wominspiration – Inspiring women with inspiration for everyone”
