Questions Report:

A1	This was a very popular question and generally produced good marks. However, Part A1(ii) was less well handled and many candidates didn't really address the question fully.
A2	Another popular question on Part A, this question yielded mostly good responses.
A3	Very few candidates attempted this question, of whom 75% scored either no marks or very low marks
B4	This was the least popular question on Part B however, those that did attempt this question generally handled it very well, with the majority of answers well above the pass rate.
B5	This was a popular question and was generally well handled by the majority of candidates.
B6	This was a popular question and was generally well handled by the majority of candidates.
